

مرکز علوم و فنساورى نانو

Center for Nanoscience & Nanotechnology
Sharif University of Technology

Name:

Seyyed Mahdi Katebi

Email:

s.m.katebi76@gmail.com

Education

BSc.

University: Hakim Sabzevari university

Major: Metallurgy engineering

Thesis: Synthesis Ti₂AlC MAX phase by SPS Methode for water splitting

Supervisor: Dr. Seyyed Alireza Hosseini

Msc.

University: Iran Science and Technology university

Major: Nano Material

Thesis: Synthesis and Characterization of Electrochemical Biosensor MOF-Herceptin For Breast Cancer

Supervisor: Dr. Seyed Morteza Naghib

PhD

Thesis:

Supervisors:

Research Experience:

- Electrochemical Biosensor
- Polymer base Drug Delivery
- Nano CO Catalysis

Publications:

Electrochemical Biosensors in Practice: Materials and Methods (Book)

Capability of nanostructured metal oxides to remove carbon monoxide emissions from cement chimneys
